

MODEL AND PROPHET

Blessed Anna Maria Taigi can be canonized in 1975 if we obtain sufficient petitions from Bishops to the Holy Father for this canonization.

This is a task for the lay people!

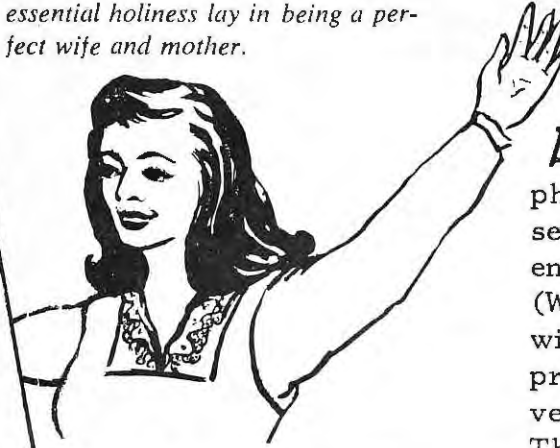

Anna Maria Taigi was beatified in 1920 as the patronness of mothers and young women. She was the mother of seven children. She was dedicated to the Sacrament of Marriage and at any time during her life when she heard of a marriage that was in danger, she did everything she could to save that marriage. She educated her children to know and to love God and the miracles and visions of her life were so great that she can be likened to St. Anthony and St. Francis and all of the very greatest of saints!

Yet she has not been canonized because lay people are not organized and have not been seeking her canonization.

HOUSEWIFE HERO

By John M. Haffert

She is Anne Marie Taigi, who married at twenty, became a mystic when she was twenty-one, and whose essential holiness lay in being a perfect wife and mother.

However, Father Teodoro, who is the Postulator of her cause, has assured us that *certainly* she can be canonized in 1975 if the Holy Father receives petitions for this from Bishops. Even petitions from lay people will help, but especially from Bishops. Father Teodoro said that nothing is required for the canonization at the present time except the decision of the Holy Father to do so. Let us plead for this canonization in this time of abortion, of the prevention of children, of the world-wide attack on the sanctity of marriage!

God gave Anna Maria Taigi to the world as a model to womanhood, to maidens and to mothers, and how the world needs this model now!

Please, write to your Bishop today and ask His Excellency to write to the Holy Father supporting the appeal for this canonization!
